Walt Whitman, *Leaves of Grass*

(Éric Athenot, Université Paris-Est Créteil-Val de Marne)

Remarque préliminaire : La présente bibliographie propose, entre autres ressources, une série de publications réparties selon des rubriques générales. Cette division pourra fréquemment sembler artificielle tant les thématiques s'imbriquent intimement. Les préparateurs comme les étudiants sont vivement encouragés à consulter le site Web consacré au poète : <http://whitmanarchive.org/>. Celui-ci, remarquable et irremplaçable, propose un accès direct à un grand nombre de textes critiques, en plus de réunir l'ensemble des publications et des manuscrits du poète. Il est en outre à noter que l'édition Norton de 1973 (voir *infra*) comporte un appareil de notes très complet permettant de suivre l'évolution du recueil et des poèmes au fil du long travail de réécriture.
